

*During the course of last year, I found myself in a place where I had a "hunger" for more knowledge, a deeper and more meaningful faith and I longed for genuine authentic Christian friends. God presented this to me in the form of my Cursillo experience. Our Parish Priest, Father Keith Gordon-Davis spoke about the Cursillo Movement one Sunday morning and it was at that time I realized this was sent to "me" as a gift from God, an answer to my prayers, even though at the time I was not in any way aware of what was in store for me on the weekend.*

*I very eagerly filled in my application form and couldn't wait for the weekend to come. During and after my weekend I was astonished at the things I learnt about my Catholic faith and found that it not only deepened my faith, strengthened my spiritual journey but also allowed me to find friendship with such awesome, authentic bunch of Brothers & Sisters of the same faith that has and continues to contribute to making my journey of faith, somewhat inspiring, encouraging and exciting.*

*I would like to urge you to take the opportunity of living a Cursillo Experience as there are no words to do it justice, it cannot be explained in words but rather in living the experience!*

*Stay blessed & protected in Our Lord*
